Designed to withstand the demanding conditions of agri-food industry, the **SMARTFLEX®** with flexible impeller is distinguished by its simplicity of use and its innovative features.

3 models :
flow rate from
10 à 600 hL/h

SMARTFLEX® | SMF130

Flow rate from 10 to 130 hL/h

SMARTFLEX® | SMF250

Flow rate from 25 to 250 hL/h

SMARTFLEX® | SMF500

Flow rate from 50 to 600 hL/h

PRATICAL

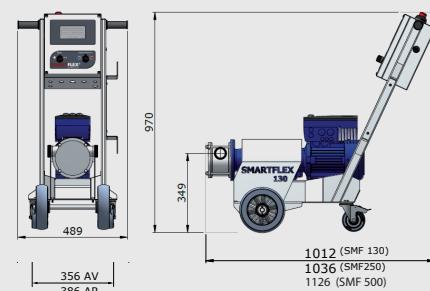

- **On-board electronics:**
speed variation
reverse direction
speed display (%)
servo control
- **High frequency remote control :**
speed display (%),
rechargeable battery by
induction,start/
fowards-reverse/
stop/
speed variation
- Easy maintenance and quick cleaning
- Pump light and mobile

SELLING POINTS

- STAINLESS STEEL pump housing
- Operating pressure : up to 3 bar
- Neoprene Impeller
- Conform to EU machine regulations
- Mechanical 5 years warranty, excluding wear parts - on board electronics 2-year warranty
- Connections DN40 , DN50 according to your standards (MÂCON, SMS, DIN, etc.)
- 10 meters of electrical cable with standard (European) plug

DIMENSION DRAWING

OPTIONS

- **SMARTFLUX® :**
flowmeter adjustable,
instantaneous
reading
- **COLOR TOUCH SCREEN 7 INCHES**
- **RUN DRY SENSOR**
