

Full or destemmed harvest

Can be used alone or included in the PMH Vinicole receiving line

TTV 750/1500 - TTV 750/1900 - TTV 1000/1900

■ Drain and equalise the harvest via vibration

TTV 750/3500 - TTV 750/4000 - TTV 750/5000

■ Facilitate the manual sorting and cleaning through vibration

TECHNICAL FEATURES:

- Full stainless steel construction
- Robust stainless steel chassis on vibration absorbers and screw jacks
- Mobile on 4 pivoting wheels with brakes
- Horizontal vibrating table mounted on "silent blocs" (TTV)
- 5 x 70mm perforation and draining bottom
- Large perforated area (draining/evacuation of waste)
- Juice collection tray with pricking 50 diameter macon
- No liquid retention point, simplified cleaning
- First intermediary filtration grate for automatic evacuation of waste (TTV length 4000 and 5000)
- Adjustable flow by electronic speed controller

OPTION

- 3 bar titling for plastic boxes
- Bespoke chassis elevation
- Second perforation area and intermediary filtration grate which is manually foldable
- 3 types of reception hoppers (500, 600 and 950L) integrable on the TTV 750/5000

ELECTRICAL CONNECTIONS

- 10 metres of electric cable with standard jack
- equipped with its forward/reverse switch and emergency stop button

 Conforms with machine regulations

 Designed and manufactured in FRANCE
